

Modified Mastering

Navigation Tips

Use the **Course Home** page for Getting Started options and common features, such as **All Assignments** and **Gradebook**. **Dynamic Study Modules** are available for instructor preview in the **Enrich Your Course** section of the **Course Home** page, as well as when you create an assignment. (Students see  **Dynamic Study Modules** at the top right of their Course Home).

Select **Manage Course** to control course appearance as well as:

- Select **Additional Course Settings** for setting **time zone, student ID, section instructor privileges, learning outcomes, and display settings**.
- Select **Roles and Enrollment Status** for the **course roster**.

Select **Course Tools** to open **Email** and **Discussions**.

Select **Instructor Tools** to open **Assignments, Gradebook, Student ID and Groups, and Item Library**.

 Options unavailable to students
